

## BELZONA REFURBISHES LOADING DOCK

### CUSTOMER

Business complex, Brisbane, Queensland, Australia

### APPLICATION DATE

May 2009

### APPLICATION SITUATION

Loading dock and car park of a multi use business complex

### PROBLEM

The Loading dock and car park were old and in need of a facelift as all of the original coating had been worn away.

### PRODUCTS

Belzona 5231 (SG Laminate)

Belzona 4411 (Granogrip)

### SUBSTRATE

Concrete

### APPLICATION METHOD

The application was carried out in accordance with Belzona System Leaflets FPA-4 and FPA-8. The floor area was prepared using a dustless diamond grinder then coated with 2 coats of the Belzona 5231. The line markings, chevrons and wording were then reinstated using Belzona 4411 in a single coat of safety yellow.

### BELZONA FACTS

Belzona materials were chosen due to their ease of application, proven longevity and incorporated grip system that provides a safer and more durable finish than conventional floor paints.
