

BELZONA PROVIDES SAFE PLATFORM FOR SLIPPERY WORK

CUSTOMER

Biodiesel Manufacturer, Memphis, Tennessee, USA

APPLICATION DATE

2008

APPLICATION SITUATION

Platform to be installed 30ft. off the ground.

PROBLEM

Workers would have to perform tasks that require them to have a safe walking surface so they would not fall. Biodiesel spills would create a slippery work surface on the carbon steel platform.

PRODUCTS

Belzona® 5811 (Immersion Grade)

Belzona® 9211 (Supergrip aggregate)

SUBSTRATE

Carbon Steel

APPLICATION METHOD

Application was carried out in accordance with Belzona Know How System Leaflet TCC-8.

BELZONA FACTS

Workers throughout the facility had concerns of falling off the platform once it was put into place, after the Belzona solution workers felt secure in knowing they would retain their footing.
