

BELZONA WATERPROOFS NATURAL STONE FACADES

CUSTOMER

Private Building, Amman, Jordan

APPLICATION DATE

November 2012

APPLICATION SITUATION

Natural Stone Facades

PROBLEM

Water was penetrating the stones, creating damp areas on internal walls. The owner of the building needed to waterproof the structure and retain the natural appearance of the stones.

PRODUCTS

Belzona® 5122 (Clear Cladding Concentrate)

SUBSTRATE

Natural Stone

APPLICATION METHOD

The Application was carried out in accordance with Belzona Know-How System Leaflet WPA-8.

BELZONA FACTS

Belzona® 5122 Water Repellent Material protected the external structure from water penetration and gave the building new natural appearance
