

BELZONA EXTENDS LIFE OF JET VALVE

CUSTOMER

BC, Canada

APPLICATION DATE

January 2004

APPLICATION SITUATION

Worn jet valves

PROBLEM

These jet valves would generally last about 5-6 months before they would wear through from the air / sand / water mixture pumped through them.

PRODUCTS

Belzona 1311 (Ceramic R Metal)

Belzona 1812 (Ceramic Carbide FP)

SUBSTRATE

Cast Iron

APPLICATION METHOD

Application carried out in accordance with Belzona Know-How System Leaflet CEP-1

BELZONA FACTS

These air valves cost approximately \$20,000.00 each. The Belzona repair cost less than 5% of the original cost and showed little signs of wearing out after a 9 month inspection.
