

## BELZONA SECURES A LIFTING WINCH

### CUSTOMER

France

### APPLICATION DATE

August 2017

### APPLICATION SITUATION

Lifting winch being secured on the deck of a dredging vessel

### PROBLEM

Chocking of heavy machinery winch.

### PRODUCTS

Belzona 7111

### SUBSTRATE

Steel

### APPLICATION METHOD

The installation was carried in accordance with Belzona Know-How System Leaflet GSS-12.

### BELZONA FACTS

The 4 supporting pads were chocked using Belzona 7111 in order to ensure optimum load transmission as well as long term protection against vibration. The fast curing properties of the material were a key factor for the operator of the ship.
