Repair • Protect • Improve

The application was carried out in accordance with Belzona Know-How System Leaflet GSS-12 and Belzona 7111 IFU.

Belzona Facts

The four chocks for the engine and two for the box were carried out by pouring Belzona 7111 which has American Bureau of Shipping certification. Once the product cured completely, it underwent compression with weight and adjustment of anchor bolts maintaining the specified parameters of alignment. It has been proven that Belzona 7111 has a lower cost than other chocking materials.
