Industry: Steel & Metal Processing

Application: FPA-Floor Problem Areas

Substrate: Concrete

Products: Belzona 5231 (SG Laminate), Belzona 5233

Customer Location: Detroit, MI

Application Date: December 2018

Problem

The offices concrete floors were worn. The customer was looking for a non-slip epoxy coating that would provide years of service.

The office floors were in this condition

Belzona 5231 applied with non slip material

Belzona 5233 was applied as a top coat

Finished application

Application Situation

This company just wanted a better looking, longer lasting floor for their office areas.

Application Method

The floors were prepared with a Blastrac machine. Belzona 5231 was applied. The "shark's teeth" aggregate was broadcast and a topcoat of Belzona 5233 was applied.
