

BELZONA REBUILDS OVERSIZED PINTLE HOUSING

ID: 1281

Industry: *Marine*
Application: *SOS-Ships and Offshore Structures*

Customer Location: *Dockyard, Bulgaria*
Application Date: *February, 2009*

Substrate: *Cast Iron*
Products: ** Belzona® 1111 (Super Metal) ,*
** Belzona® 1221 (Super E-Metal) ,*

Problem

Keyway and rudder pintle housing were oversized due to erosion corrosion and impact.

Photograph Descriptions

- * Rudder pintle with false key used as former ,
- * Adjusting unit for rudder pintle positioning ,
- * After application of Belzona® 1111 the rudder stock was positioned ,
- * The oversized housing and keyway restored to exact profile ,

Application Situation

Oversized housing and keyway of rudder pintle.

Application Method

Application procedures were made according to Belzona Know-How System Leaflet SOS-3. The oversized housing and keyway were rebuilt using the rudder pintle with a false key as former. Belzona® 1111 was used for the main repair and Belzona® 1221 was used to fill some voids along keyway.

BELZONA®
Repair • Protect • Improve

Belzona Facts

The repair was done on-site and completed in a few hours. In this situation conventional repair by welding and then machining was considered to be time consuming, complicated and too expensive.
