Application Date: April 2009

Problem

Water ingress between tank and concrete tank base. For several years tar was applied but continually failed.

Photograph Descriptions

- * Belzona® 6111 applied and Belzona® 3921 being applied ,
- * First coat of Belzona® 3111 with Reinforcing sheet being applied ,
- * Completed application ,
- * Completed application, general view ,

Application Situation

75 ft. diameter soybean storage bin

Application Method

Application was carried out in accordance with Belzona Know How System Leaflet GSS-3.

Belzona Facts

Applying tar around the tank base had proven to be very temporary and unsuccessful. Belzona® 6111 provides excellent corrosion protection to steel wall and Belzona® 3111 provides flexible weatherproof seal. Customer was so pleased with the results of Belzona that 3 more tanks are scheduled for the same treatment.
