Application: *SHM-Solids Handling Machinery*

Customer Location: *Pulp Mill in Alabama, U.S.A.*

Application Date: *1992*

Substrate: *Carbon steel*

Products: ** Belzona® 1341 (Supermetalglide) ,*

Problem

Bark builds up and clogs the shaker.

Photograph Descriptions

* The bark shaker. ,

* Belzona® 1341 provides a slick surface and the bark slides off. ,

* Another view of the 30 foot long, 8-foot-wide bark shaker coated with two coats of Belzona® 1341. ,

Application Situation

Bark shaker sorts and distributes bark to the boiler.

Application Method

The application was carried out in accordance with Belzona Know-How Leaflet SHM-13.

Belzona Facts

The application is touched-up every two years and prevents the bark from sticking to the steel. Recently, a new bark shaker has been coated. The customer is extremely happy with the application.
