Application Situation

1.5 meter diameter suction split casing pump handling a 20 meter head of sea water.

Application Method

The application was carried out in accordance with Belzona Know-How System Leaflets CEP-2, CEP-3, CEP-5, and CEP-10.

Belzona Facts

Belzona® 1341 not only restored the original efficiency, but provided reduced power demand. This was more important to the plant than cost because of the lack of power available.
