

NEW BELZONA FLOOR FOR NEW SHOWROOM

ID: 6280

Industry: Commercial Facilities
Application: FPA-Floor Problem Areas
Substrate: Concrete
Products: * Belzona 5231 (SG Laminate) ,

Customer Location: Car showroom, Nowra, NSW, Australia
Application Date: January 2005

Problem

The showroom and workshop floors needed to be sealed with a high quality floor covering to enhance the appearance and protect it from the daily traffic of cars and pedestrians.

Photograph Descriptions

- * 1. Floor prior to coating ,
- * 2. Preparation complete, vacuuming up the dust ,
- * 3. Application underway ,
- * 4. Application complete and being inspected by the client ,

Application Situation

New build flagship car showroom

Application Method

The application was carried out in accordance with Belzona System Leaflet FPA-3. The newly laid floor was allowed to dry out thoroughly before being prepared for coating by diamond grinding to remove surface laitence. After vacuuming to remove dust, the floor was coated with two coats of Belzona 5231.

Belzona Facts

Belzona 5231 was chosen for its durability, hard wearing properties and inbuilt grip system that minimised potential slip issues for cars and people. Its fast application and cure time meant that the showroom was finished in time for the scheduled opening.
