Photograph Descriptions

- * 1- The problem. ,
- * 2- Setup to gain access. ,
- * 3- Finished patch repair. ,
- * 4- Overcoating with Belzona 5811. ,

Application Situation

A carbon steel storage tank (6m in diameter and 10m high) on a manufacturing plant, stored a water soluble non ionic soil release polyester for liquid detergents and cleaners.

Application Method

Application was carried out in accordance with a modified version of Belzona System Leaflet VPF-11. The repair was then overcoated with Belzona 5811 to give an aesthetically pleasing finish.
